

# **Fees – Not Used 05/18/18 Removed from Menu**

## **Fees**

The Initial Consultation is FREE! We can speak on the phone and/or in your home.

## **Services are Billed at an Hourly Rate**

We will have a simple contract that lists the services that you request and it will show the hourly rate for the services. Each client's personal financial situation is unique and the overall costs depend on the complexities of your case. While all needs are different, a common service will take approximately 4 hours of service a month with one or two home visits.

## **Extra Charges**

In addition to the hourly rates, there may be charges for out-of-pocket expenses which could include postage, supplies, and mileage.

## **Form of Payment**

Cash and checks are accepted for payment at the time of service.
